

JSL Sportsmanship Rating Form

(Revised June 12, 2009)

Good sportsmanship has always been a core value of the JSL. As part of an ongoing effort to recognize and reward good sportsmanship within the Jefferson Swim League, both swim team's Head Coach and Meet Director are required to independently fill out the following form as soon after the conclusion of each swim meet as is possible. This should reflect a fair, honest, and objective appraisal of the opposing team's conduct prior to, during, and following the swim meet. It is recommended that you seek input from as many involved individuals as is convenient to help insure you have a balanced and accurate picture of the meet. The input provided helps the JSL to determine which team in each division deserves this year's JSL Sportsmanship Award. Feel free to share any comments you feel the JSL Executives should know, both good and bad, so that we can work to make the Jefferson Swim League the positive experience which is the mission of this organization.
